FIREARMS RANGE RULES:

One Guest only per membership and they are only a guest one time.
Always handle firearms as though loaded. Keep the muzzle of all firearms pointed down range.
Never handle loaded firearms behind the fire line. No shooting while someone is down range!
No shooting at glass bottles, bricks, or trash. No shooting at top spinning metal targets.
Targets must be placed in such a manner that the bullet strikes the backstop, not the ground.
Targets and trash, including spent cartridges shall be removed from the range after shooting.
Under no circumstances shall Tannerite or similar explosive products be used at the range.
No vehicles are allowed on the shooting range, except as required by club sponsored events.
Shooting hours are from 10:00AM to Sunset. Alcoholic beverages are not allowed at the range.
Shooters using the range shall raise the red "Range Hot" flag.
Club sponsored activities have first rights and the gun range will be closed an hour before until an hour after clube events.

There shall be no rapid-fire practice at the range; this range is for the skilled marksman to use for slow, directed, and controlled fire. No fully automatic fire is allowed at the range.

I have read and understood the above rules regarding the use of the Cloverdale Conservation Club Firearms Range and that breaking any of these rules may result in my membership being terminated.
